**BOOTHBAY,  
MAINE**

---

July 28 to August 4, 2019

Shore Hills Campground  
and RV Park

Hosts: Steve & Liliana Pappas  
Shane & Kelly Fedeli

## *2018 Williamsburg Rally Summary, Submitted by Lilliana Pappas*

October 1-6 2018, where our annual rally and business meeting were held. The rally was hosted by Jan Mohr and Ken Doyle. 24 coaches in attendance.

**Monday** was Opening night, for our meet and greet we were treated to an array of heavy hors d'oeuvres which seemed like a full meal! The tent was even air conditioned!! Our goodie bags had Whitley's peanuts. Plus each night we would draw a few door prize winners and there were many! The prizes were special local finds and many came from artist friends of Jan's

**Tuesday** started with a continental breakfast at the clubhouse to boost our morning! Then many of our members went to visit the Jamestown Settlement, Colonial Williamsburg and or other Historical sites near by. A group of us decided to go and tour the Naval shipyards in Norfolk. It was a beautiful day for a cruise. This was a free day to explore our surroundings which were near and easy to get to. Dinner was also left to our exploration.

**Wednesday** started with another clubhouse breakfast to start our day. John McPherson gave some of us a talking tour of Yorktown where you could also go walking around town and others went on an awesome Schooner cruise up the River! Some of us even got to hoist a sail! We all reconvened at the Riverwalk restaurant for a delicious lunch and trolley ride. Dinner was pot luck at the tent.

**Thursday** another energizing breakfast followed by our own flea market in the tent. The guys got busy with their Tech session and round table which I call the "BBBS" sessions!! And I ask?? Why?? do they need a set time for one of these talks?? Aren't these rally's one big tech session?? While they "discussed" and had a boxed lunch, the ladies got ready for their luncheon. Thank you Jan for the female camaraderie and lovely lunch. Mid afternoon we held our business meeting and discussed plans for the Rally's in 2019 along with strategies for recruiting new members to the Vintage Birds Club and promoting Fellowship among all the various Wanderlodge groups. Our evening was spent eating a wonderful catered meal and dancing to the sounds of Dan, The one Man Band. We found out that some of our members can really "cut a rug"!!

**Friday** a large group went to NASA, Langley, research and development while the remainder had a free day to continue the exploration of the Williamsburg attractions. We who braved and ventured into the NASA world came out a lot smarter than we went in.....but then again I can only speak for myself! Dinner was prepared by our favorite "smokin" Chef Fedeli! Sides were pot luck. \*\*\*\*Although, Jan had a great idea for these two make to pass meals. She made a list of courses with 3/4 slots (depending how big your event is) and you chose what you wanted to make for that course. \*\*\*\*Excellent idea! We said good bye to the folks that were heading out early. And others joined camp side fires and chats. Every night you could walk around and catch a gathering or just enjoy the great weather we had in Virginia.

**Saturday** we were sent off with a catered breakfast that would have taken you through to dinner! Another successful Rally in the books! Again thank you Jan and Ken! See y'all down the road!

These were the attendees for the Williamsburg Rally:

Ed Badeau and Leah Dippold	Shane Fedeli and Nicole (sister)	Bob and Joyce Peavey
